YOUNGSTOWN STATE UNIVERSITY

MESSAGE FROM PRESIDENT TRESSEL

October 15, 2019

Youngstown State University (YSU or University) continued its pursuit of academic excellence and success on all levels in fiscal year 2019, building on a proud history, furthering our impact across the region, celebrating our progress, developing our beautiful campus and shaping a bright future:

- **Our Impact:** YSU has the nation's second fastest growing international enrollment; the YSU Dana Faculty Piano Trio performed at Carnegie Hall; the Association of Governing Boards honored our Board of Trustees for exceptional leadership; the YSU Small Business Development Center received the national Excellence and Innovation Award; the YSU Center for Human Services Development was granted \$1 million to operate local after-school programs; the YSU Centofanti Symposium hosted a first-of-its-kind discussion with survivors of mass shootings, attracting national attention; and the Ward Beecher Planetarium set a new attendance record with nearly 20,000 visitors.
- **Our Progress:** The YSU "We See Tomorrow" campaign inched near the \$100 million goal, including nearly \$50 million in new scholarships and doubled the number of endowed professorships; the Mahoning Valley Innovation and Commercialization Center began to take shape as a hub for workforce development, innovation and research, focused on advanced manufacturing; the incoming freshman class had record high GPAs; all university and private housing on campus was at capacity.
- **Our Campus:** Several campus amenities were added, including a new Student Health Center on Wick Avenue, the new Constantini Multimedia Center at Stambaugh Stadium and the new Cafaro Field intramurals center; meanwhile, the university received Tree Campus USA designation for the 10th consecutive year, was ranked first in Ohio for reducing/reusing/recycling, and was the only Ohio public university to receive the Gold Award for employee wellness.
- **Our future:** Several upcoming initiatives are underway, including: an overhaul to Fifth Avenue through campus, funded in part through a \$10.8 million federal grant, that includes bike lanes, median, lighting, sidewalks, landscaping and an autonomous shuttle; a new indoor tennis center west of Fifth Avenue; new PhD programs in Health Sciences and Nurse Anesthesia; and a Strategic Planning process dubbed "Taking Charge of Our Future".

While challenges remain in the ever-evolving higher education landscape, especially with enrollment and its impact on the budget, we believe YSU is positioned well to build on our many strengths, to fulfill our potential, to facilitate positive change and to ensure the continued and expanding success of our students.

Sincerely yours,

James P. Tressel
President

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Youngstown State University
Youngstown, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of the Youngstown State University (the "University"), a component unit of the State of Ohio, as of and for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the financial statements of the Youngstown State University Foundation, which represents the entire discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the University for the discretely presented component unit, is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audits and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the University, as of June 30, 2019 and 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A) on pages 4 to 24, the Schedules of the University's Proportionate Share of the Net Pension Liability and the Net OPEB liability on page 70 and 72, and the Schedules of the University's Contributions on page 71 and 73, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The Message from President Tressel on page 1, Board of Trustees on page 74, and Executive Officers on page 75 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's Discussion and Analysis section of Youngstown State University's (the University or YSU) Financial Report presents a discussion and analysis of the financial performance of the University during the fiscal year ended June 30, 2019 with comparative information for the fiscal years ended June 30, 2018 and June 30, 2017. This discussion has been prepared by management and should be read in conjunction with the financial statements and the accompanying notes that follow.

Introduction

Youngstown State University, an urban research university, emphasizes a creative, integrated approach to education, scholarship, and service. The University places students at its center; leads in the discovery, dissemination, and application of knowledge; advances civic, scientific, and technological development; and fosters collaboration to enrich the region and the world.

The faculty, staff, administrators, and students of Youngstown State University hold the following values essential to achieving the University's mission:

- **Centrality of Students** – The University is a student-centered institution committed to the education, development, well-being, and success of students of all ages and from all walks of life. In concert with its mission to help students grow intellectually, the University strives to foster students' personal, social, emotional, and career growth, as well as their capacities for lifelong learning, civic responsibility, and leadership.
- **Excellence and Innovation** – The University values excellence and innovation inside the classroom and out. Thus, the University strives to integrate curricular and cocurricular activities; to offer outstanding academic programs; to foster intellectual inquiry, exploration, and discovery; to transcend traditional boundaries; to apply and perfect knowledge; to encourage creativity; to provide effective tools, technologies, and facilities for learning; and to excel in research and scholarly activity, including the "scholarship of teaching and learning," an area of research that explores how individuals teach and learn.
- **Integrity and Human Dignity** – As a campus community, the University expects all conduct to be rooted in integrity, mutual respect, and civility. The University values ethical behavior in scholarly and other endeavors; believes in the dignity and worth of all people; strives to foster an appreciation of, and respect for, differences among the human race; and celebrates the diversity that enriches the University and the world.
- **Collegiality and Public Engagement** – As scholar-citizens of many extended and interconnected communities, the University pledges to work collegially and cooperatively to enrich the cultural environment; establish productive partnerships; provide responsible leadership; address community and workforce needs; foster sustainability; and bring about the greater good of the collective whole; be it the University, the city of Youngstown, the state of Ohio, the region, or beyond.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

The University started out as a single commercial law course offered by the local YMCA. Over a century later, it serves the Youngstown area with the same passion, and consists of the College of Graduate Studies and six undergraduate colleges: the Beeghly College of Education; the Bitonte College of Health and Human Services; the Cliffe College of Creative Arts and Communication; the College of Liberal Arts and Social Sciences; the College of Science, Technology, Engineering, and Mathematics; and the Williamson College of Business Administration. The University offers degrees at the undergraduate, graduate and doctoral levels.

The University is located on a 145-acre campus near downtown Youngstown, Ohio and is equidistant (approximately 60 miles) from both Pittsburgh and Cleveland. Fall 2019 enrollment was 12,155.

Using the Financial Statements

The University's financial report includes three basic financial statements: the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows. These financial statements are prepared in accordance with the financial reporting format required by the Governmental Accounting Standards Board's (GASB) Statements No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, as amended by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*; and No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*, as amended by GASB Statements No. 37, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus* and No. 38, *Certain Financial Statement Note Disclosures*. These statements establish standards for external financial reporting for public colleges and universities and require that financial statements be presented on a basis to focus on the financial condition of the University, the results of operations, and cash flows of the University as a whole.

During fiscal year 2018, the University adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions (OPEB)* and during fiscal year 2015, the University adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition of Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*. These statements significantly revised accounting for pension/OPEB costs and assets/liabilities.

Prior to GASBs 68, 71 and 75, the accounting for pension/OPEB costs, was focused on a funding approach, which limited pension/OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each pension plan's net pension/OPEB asset/liability.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Under the standards required by these statements, the net pension/OPEB asset/liability equals the University's proportionate share of each pension/OPEB plan's collective present value of estimated future pension/OPEB benefits attributable to employees' past service minus plan assets available to pay these benefits. Pension/OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits and the promise of a future pension and OPEB. The unfunded portions of these pension/OPEB promises are a present obligation, part of a bargained-for benefit to the employee, and are reported by the University as liabilities since the benefit of the exchange was received.

The nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements. The University is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by the State statute. A change in these caps requires action by both Houses of the General Assembly, and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system against the public employer. State law operates to mitigate the obligation of the public employer to the employee because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension/OPEB asset/liabilities. Changes in pension/OPEB benefits, contribution rates, and return on investments affect the balances of the net pension/OPEB asset/liabilities, but are outside the control of the public employer. In the event that contributions, investment returns and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension/OPEB asset/liabilities are satisfied, these assets and liabilities are separately identified within the long-term asset and long-term liability sections of the Statement of Net Position.

In accordance with GASBs 68, 71 and 75, the University's statements, prepared on an accrual basis of accounting, include an annual pension/OPEB expense for the proportionate share of each pension plan's *change* in net pension/OPEB asset/liability.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Overall key presentation elements of the financial statements include:

- Assets and liabilities are categorized as either current or noncurrent. Current assets and liabilities will be consumed or fulfilled within one year.
- Revenues and expenses are categorized as either operating or non-operating. Significant recurring sources of the University's revenues, including State of Ohio (State) appropriations, certain grants, gifts and investment income are considered non-operating, as defined by GASB Statement No. 35.
- University scholarships that represent reduced tuition (i.e., are applied to student accounts rather than refunded to students) are shown as a reduction of tuition, fees and other student charges, while payments made directly to students are presented as scholarship expense. Third party scholarships are treated as though the students made the payments themselves.
- Capital assets are reported net of accumulated depreciation.

In accordance with GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, The Youngstown State University Foundation (YSUF or Foundation) is treated as a component unit of the University. The Foundation is discretely presented in this report by presentation of the individual financial statements immediately following the University's respective GASB financial statements. Additional information on this component unit is contained in Note 16. Management's Discussion and Analysis focuses on the University and does not include the component unit.

The Statement of Net Position

The Statement of Net Position presents the financial position of the University at the end of the fiscal year and includes all assets (current and noncurrent), deferred outflows of resources, liabilities (current and noncurrent), deferred inflows of resources, and net position of the University. Current assets are classified as such if they are available to satisfy current liabilities, which are generally defined as being due within one year of the date of the Statement of Net Position. Net position is one indicator of the financial condition of the University, while the change in net position is an indicator of whether the overall financial condition has improved or worsened during the year.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

A summarized comparison of the University's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position at June 30, 2019, 2018, and 2017 follows:

Total Net Position	<u>\$ 58,466,859</u>	<u>\$ 57,633,833</u>	<u>\$ 61,957,254</u>

Current assets include unrestricted and restricted cash and cash equivalents, investments that mature within one year, receivables, inventories and other short-term assets. Noncurrent assets include unrestricted investments that mature in more than one year and investments that are restricted by donors or external parties as to their use. Also included are receivables deemed to be collectible in more than one year, capital assets and net OPEB assets. Current assets decreased \$5.3 million from fiscal year 2018 to fiscal year 2019 and increased \$0.9 million from fiscal year 2017 to fiscal year 2018. Noncurrent assets increased \$6.9 million from fiscal year 2018 to fiscal year 2019 and decreased \$4.8 million from fiscal year 2017 to fiscal year 2018.

Deferred outflows of resources include resources where the consumption is applicable to a future reporting period, but does not require further exchange of service. Deferred outflows which include items relating to pensions/OPEB increased \$5.4 million from fiscal year 2018 to fiscal year 2019 and decreased \$4.4 million from fiscal year 2017 to fiscal year 2018.

Current liabilities include all liabilities that are payable within the next fiscal year. Unearned revenues, principally from summer programs, are also presented as current liabilities. Liabilities that are due to be paid beyond the next fiscal year are reported as noncurrent liabilities and include debt, compensated absences, and net pension/OPEB asset/liabilities. Current liabilities increased \$0.4 million from fiscal year 2018 to fiscal year 2019 and decreased \$0.7 million from fiscal year 2017 to fiscal year 2018. Noncurrent liabilities increased \$11.3 million from fiscal year 2018 to fiscal year 2019 and decreased \$20.8 million from fiscal year 2017 to fiscal year 2018.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Deferred inflows of resources represent the acquisition of resources that are applicable to a future reporting period. Deferred inflows of resources which include unamortized concession arrangements and items relating to pensions/OPEB decreased \$5.5 million from fiscal year 2018 to fiscal year 2019 and increased \$17.5 million from fiscal year 2017 to fiscal year 2018.

Assets

Assets primarily consist of cash and cash equivalents, investments, receivables and capital assets. The following table summarizes balances at:

	June 30, 2019	June 30, 2018	June 30, 2017
Cash and cash equivalents	\$ 17,124,401	\$ 24,301,741	\$ 20,347,943
Investments	67,727,713	63,866,375	68,312,361
Accounts, loans and pledges receivable, net	12,287,432	13,200,765	13,766,885
Net OPEB asset	5,237,852	0	-
Capital assets, net	216,581,791	215,994,991	218,861,982
Other	1,678,908	1,685,823	1,658,103
Total Assets	<u>\$ 320,638,097</u>	<u>\$ 319,049,695</u>	<u>\$ 322,947,274</u>

Cash and cash equivalents decreased \$7.2 million or 30% from fiscal year 2018 to fiscal year 2019. The decrease was primarily due to an increase in cash used for various capital projects and an overall increase in cash used in operating activities. Deposits held by Trustees totaled \$17,028 at June 30, 2019 compared to \$24,870 at June 30, 2018.

Investments increased \$3.9 million or 6% from fiscal year 2018 to fiscal year 2019. This was primarily due to unrealized gains resulting from a favorable market environment.

Overall, net accounts, loans and pledges receivable decreased \$0.9 million from \$13.2 million at June 30, 2018 to \$12.3 million at June 30, 2019. Net accounts receivable decreased \$0.4 million from \$11.3 million at June 30, 2018 to \$10.9 million at June 30, 2019, primarily due to a decrease in year end activity on grants and capital projects combined with an increase in gifts raised by YSUF on behalf of YSU in the month of June over the prior year. Net loans decreased \$0.3 million from \$1.2 million at June 3, 2018 to \$0.9 million at June 30, 2019 due to the non-renewal of the Perkins Program by Congress. Net pledges remained relatively flat as new pledges are recorded by the Foundation in accordance a development agreement.

Net OPEB assets increased \$5,237,852 or 100% from fiscal year 2018 to fiscal year 2019.

Cash and cash equivalents increased \$4 million or 19% from fiscal year 2017 to fiscal year 2018. The increase was primarily due to the sale of \$8 million in non-endowed investments to fund future capital projects. Deposits held by Trustees decreased from \$2.4 million at June 30, 2017 to \$24,870 at June 30, 2018. This decrease was primarily due to spend down of the remaining \$1.3 million of bond proceeds for the new Barnes & Noble bookstore and the transfer of \$0.7 million residual note payable project funds to prepay debt service in accordance with the escrow agreement.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Investments decreased \$4.4 million or 6.5% from fiscal year 2017 to fiscal year 2018. This was primarily due to the combination of increases due to reinvested investment income and realized gains and decreases due to the sale of investments and a lower market to cost ratio at June 30, 2018 compared to June 30, 2017.

Overall, net accounts, loans and pledges receivable decreased \$0.5 million from \$13.7 million at June 30, 2017 to \$13.2 million at June 30, 2018. Net accounts receivable decreased slightly at \$11.3 million at June 30, 2018 compared to \$11.4 million at June 30, 2017. This resulted from a combination of a slight decrease in year end activity on grants and capital projects, decreases in student receivables due to enrollment of more academically prepared students and an upward trend in retention rates, combined with an increase in gifts raised by YSUF on behalf of YSU in the month of June over the prior year.

Refer to Note 3 for additional information on cash and cash equivalents, Note 4 for details on investments, Note 5 for information on accounts and loans receivable, and Note 6 for information on pledges receivable.

At June 30, 2019, the University had \$216.6 million in capital assets, net of accumulated depreciation. Depreciation totaled \$13.4 million, \$12.7 million, and \$12 million in fiscal years 2019, 2018, and 2017 respectively.

Details of net capital assets are shown below.

Major capital activity during fiscal year 2019 included completion of renovations to Ward Beecher Hall and the Natatorium as well as renovations to the dean's office in Bliss Hall and Beeghly Center South Plaza. Additionally, Jones Hall received facility upgrades and the Lincoln Building received upgrades to its instructional spaces. Utility distribution upgrades were made to various buildings across campus, and the Wick Avenue and Fifth Avenue parking decks were renovated. Construction in progress includes a multimedia center, renovations to Meshel Hall, Cushwa Hall Physical Therapy renovations, and construction of the North Central Parking Lot and an athletic field which are expected to be completed in Fall 2019. In addition, the Mahoning Valley Innovation & Commercialization Center and an indoor tennis facility are also included in construction in progress. During fiscal year 2019, the University was gifted several parcels of land

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

totaling \$1.2 million for the purpose of constructing an athletic field, parking lots and for future expansion of the University.

Major capital activity during fiscal year 2018 included completion of the Barnes & Noble bookstore, the Cushwa Respiratory Care Lab, and improvements and development of the Campus Core and area's designated as gateways to YSU's campus. In addition, renovations took place in Meshel Hall's first and third floors, Ward Beecher Hall, and Bliss Hall Graduate offices. Repairs to the Fifth Avenue parking deck, replacement of the Jones Hall roof and upgrades to the underground steam and condensate lines originating at the Central Utility Plant were also completed. Construction in progress includes the Mahoning Valley Innovation & Commercialization Center, a multimedia center, academic area renovations, and upgrades including renovations to the Natatorium and Ward Beecher Hall and Jones Hall Facility Upgrades.

Major capital activity during fiscal year 2017 included completion of a steam plant that enabled YSU to produce its own steam heat, exterior repairs to Stambaugh Stadium and Moser Hall, and safety updates to the Wick Parking deck. In addition, instructional space upgrades were made to Cushwa, DeBartolo, and Ward Beecher Halls and five buildings received system upgrades. Construction in progress includes the construction of a new Barnes & Noble bookstore, renovations to Meshel Hall, and the replacement of the Jones Hall roof.

See Note 7 for additional information on capital assets.

Other assets remained flat from fiscal year 2018 to fiscal year 2019, and from fiscal year 2017 to fiscal year 2018.

Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent the consumption of resources that are applicable to a future reporting period, but do not require further exchange of goods or services; whereas deferred inflows of resources represent the acquisition of resources that are applicable to a future reporting period. The following table summarizes balances at:

Deferred Outflows of Resources	June 30, 2019	June 30, 2018	June 30, 2017
Related to pension	\$ 38,407,114	\$ 33,308,150	\$ 40,400,833

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Included in deferred outflows of resources and deferred inflows of resources are items relating to pensions, OPEB, bond refunding, and service concession agreements. Certain elements impacting the changes in the net pension/OPEB asset/liabilities have a longer term perspective than the current year, therefore to reduce volatility these elements are amortized over a closed period of specified duration. These include differences between expected and actual experience, changes of assumptions, net differences between projected and actual earnings of investments, and changes in the proportionate share of contributions. These elements can be reflected as either a deferred outflow of resources or a deferred inflow of resources.

Deferred outflows increased \$5.4 million or 14.3% from fiscal year 2018 to fiscal year 2019. Deferred outflows related to pension increased \$5.1 million primarily due to a combination of a \$9.7 million increase in the net difference between projected and actual earnings on pension plan investments related to the OPERS plan, a \$3.1 million decrease in changes in assumptions, including \$4.4 million decrease related to the OPERS plan and \$1.3 million increase related to the STRS Ohio plan, and a \$1.5 million decrease in differences between expected and actual experience in the STRS Ohio plan. Deferred outflows related to OPEB increased \$0.5 million or 16.9% primarily due to a \$1.5 million increase in the net differences between projected and actual earnings on OPEB investments related to the OPERS plan and a \$1 million decrease in changes in assumptions in the OPERS plan

Deferred inflows decreased \$5.5 million or 20.6% from fiscal year 2018 to fiscal year 2019. Deferred inflows of resources related to pension decreased \$10.1 million primarily due to a \$7 million decrease in the net difference between projected and actual earnings on pension plan investments, including \$8.8 million decrease related to OPERS and \$1.8 million increase related to STRS Ohio plan, and \$3 million decrease in change in proportionate share of contribution, of which \$2.5 million related to the STRS Ohio plan.

Deferred inflows related to OPEB increased \$4.6 million primarily due to a \$6.1 million increase in changes in assumptions in the STRS Ohio plan and a \$2 million decrease in the net difference between projected and actual earnings on OPEB investments related to the OPERS plan.

Deferred outflows of resources decreased \$4.4 million or 10.4% from fiscal year 2017 to fiscal year 2018. Deferred outflows related to pension decreased \$7.1 million primarily due to a combination of a \$18.5 million decrease in the net difference between projected and actual earnings on pension plan investments, including \$8.8 million related to the OPERS plan and \$9.7 million related to the STRS Ohio plan and a \$12.7 million increase attributed to changes in assumptions, including a \$4.5 million decrease related to the OPERS plan and a \$17.2 million increase related to the STRS Ohio plan. Deferred outflows related to OPEB increased \$2.8 million due to the implementation of GASB 75 in fiscal year 2018. Of this amount, \$2 million was attributed to changes in assumptions related to the OPERS OPEB plan.

Deferred inflows of resources increased \$17.5 million or 187% from fiscal year 2017 to fiscal year 2018. Deferred inflows of resources related to pension increased \$13.9 million primarily due to a \$11.4 million increase in the net difference between projected and actual earnings on pension plan investments, including \$8.8 million related to the OPERS plan and \$2.6 million related to the STRS Ohio plan. Deferred inflows related to OPEB increased \$3.7 million due to the

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

implementation of GASB 75 in fiscal year 2018. This amount was primarily due to a \$2.6 million increase in the net difference between projected and actual earnings on OPEB plan investments, including \$2 million related to the OPERS plan and \$0.6 million related to the STRS Ohio plan and a \$1 million increase attributed to changes in assumptions relating to the STRS Ohio plan.

See Note 13 and Note 14 for additional information on pension and OPEB plans.

During fiscal year 2015, the University entered into a ten year agreement with a food service beverage company for exclusive pouring rights and sponsorship program. The University received initial support funds in the amount of \$450,000 which are contingent upon the University utilizing the services of the beverage company over a ten year period. The unamortized amounts are reflected as Deferred Inflows of Resources in the Statement of Net Position.

Liabilities

Liabilities largely consist of accrued payroll and payroll withholdings, debt, unearned revenue, compensated absences, and net pension/OPEB asset/liability. The following table summarizes balances at:

	June 30, 2019	June 30, 2018	June 30, 2017
Accounts and construction payable	\$ 4,672,442	\$ 5,440,209	\$ 6,445,554

Total Liabilities	<u>\$ 284,307,348</u>	<u>\$ 272,571,157</u>	<u>\$ 294,078,133</u>

Total liabilities increased \$11.7 million or 4.3% from fiscal year 2018 to fiscal year 2019. Bonds payable decreased \$3.1 million due to scheduled debt service payments. The net pension liability increased \$23.4 million or 19.7%. The OPERS net pension liability increased \$30.1 million; whereas the STRS Ohio net pension liability decreased \$6.7 million. The OPERS and STRS Ohio net pension liability balances were \$70.4 million and \$71.7 million at June 30, 2019 compared to \$40.3 million and \$78.4 million at June 30, 2018, respectively.

The net OPEB asset/liability decreased \$7.3 million or 17.9%. The OPERS net OPEB liability increased \$5.6 million; whereas the STRS Ohio net OPEB liability decreased \$12.9 million. The OPERS and STRS Ohio net OPEB liability balances were \$33.4 million and \$0 at June 30, 2019 compared to \$27.8 million and \$12.9 million at June 30, 2018, respectively.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Total liabilities decreased \$21.5 million or 7.3% from fiscal year 2017 to fiscal year 2018. Accounts and construction payable decreased \$1 million largely due to decreased year end activity on construction projects. Payroll liabilities increased \$1.2 million primarily due to the timing of the monthly pension contributions. Bonds payable decreased \$2.9 million and notes payable decreased \$1 million due to scheduled debt service payments. The \$0.7 million decrease in the refundable advance resulted from the return to the Department of Education, the federal share of the Federal Perkins Loan Revolving Fund excess liquid capital. This excess was due to collections on loans exceeding the amount of new loans advanced. The net pension liability decreased \$56.6 million or 42.3%. The OPERS pension liability decreased \$18.4 million; whereas the STRS Ohio pension liability decreased \$38.2 million. The OPERS and STRS Ohio net pension liability balances were \$40.3 million and \$78.4 million at June 30, 2018 compared to \$58.7 million and \$116.6 million at June 30, 2017, respectively. The net OPEB liability increased \$40.7 million due to the implementation of GASB 75. The OPERS and STRS Ohio net OPEB liability balances were \$27.8 million and \$12.9 million at June 30, 2018, respectively.

See Note 8 for a further breakout of payroll and other liabilities, Notes 9 and 10 for detailed information about the University's debt, Note 12 for information on long-term liabilities, Note 13 for information on retirement plans, and Note 14 for information on OPEB.

Net Position

Net position represents the residual interest in the University's assets after deferred outflows of resources are added, and liabilities and deferred inflows of resources are deducted. The reconciliation below presents the University's total net position removing the impact of the deferred inflows and outflows relating to pensions/OPEB as presented in the Statement of Net Position.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Overall, the University's total net position increased \$0.8 million or 1.5% from \$57.6 million at June 30, 2018 to \$58.4 million at June 30, 2019. This resulted from an excess of revenue over expenses and includes a \$3.9 million increase in the net amount invested in capital assets, a \$0.5 million increase in restricted net position and a \$3.6 million decrease in unrestricted net position.

Overall, the University's total net position decreased \$4.3 million or 7.0% from \$62 million at June 30, 2017 to \$57.6 million at June 30, 2018. This resulted from excess expenses over revenue and included a \$6 million decrease attributed to GASBs 68, 71 and 75. Excluding the \$6 million decrease attributed to the impact of GASBs 68, 71 and 75, total net position increased \$1.7 million.

The net investment in capital assets consists of capital assets net of accumulated depreciation and deferred outflows relating to bond refunding reduced by outstanding balance of bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The increase of \$3.9 million from fiscal year 2018 to fiscal year 2019 was due to net capital additions of \$14 million, \$3.4 million decrease in outstanding debt and current year depreciation and amortization of \$13.5 million. Outstanding debt was \$78.3 million at June 30, 2019 compared to \$81.7 million at June 30, 2018.

The overall \$0.8 million increase in the net investment in capital assets from fiscal year 2017 to fiscal year 2018 was due to net capital additions of \$9.7 million, \$3.8 million decrease in outstanding debt, and current year depreciation of \$12.7 million. Outstanding debt was \$81 million at June 30, 2018 compared to \$85 million at June 30, 2017.

Restricted, non-expendable net position consists primarily of endowment funds held by the University. Changes in this category are driven primarily by investment performance, which was positive in both fiscal years 2018 and 2017.

Restricted, expendable net position is subject to externally imposed restrictions governing their use. Changes in this category are due to the timing of revenues and expenses in funds provided by donors and grantors. The following table summarizes restricted, expendable net position at:

	June 30, 2019	June 30, 2018	June 30, 2017
Current funds	\$ 17,641,265	\$ 16,820,639	\$ 15,451,718
Plant funds	9,022,458	9,306,452	10,500,894
Quasi-Endowments	177,791	171,537	166,066
Loan funds	21,832	59,388	59,390
Total Restricted Expendable Net Position	<u>\$ 26,863,346</u>	<u>\$ 26,358,016</u>	<u>\$ 26,178,068</u>

Current restricted funds include grants and sponsored programs, gifts which include scholarship donations and program support, and undistributed and distributed but unspent investment earnings on University endowment funds. Plant funds primarily include donations for construction or renovation projects. Quasi endowments consist of non-endowed restricted gifts designated by management to function similar to an endowment fund. Loan funds consist of gifts established for loan programs to students.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Total restricted expendable net position was \$26.9 million at June 30, 2019 compared to \$26.4 million at June 30, 2018. Current restricted funds increased \$0.8 million from \$16.8 million at June 30, 2018 to \$17.6 million at June 30, 2019; whereas restricted plant funds decreased \$0.3 million from \$9.3 million at June 30, 2018 to \$9 million at June 30, 2019.

The \$0.8 million increase in current funds was primarily due to non-capital gift revenue exceeding expenses. In addition, approximately \$0.5 million of the increase was due to investment income on the University endowments exceeding the actual distributions based on spending policy. Undistributed investment earnings totaled \$4.5 million at June 30, 2019 compared to \$4.1 million at June 30, 2018.

The \$0.3 million decrease in plant funds was primarily due to a combination of \$0.9 million increase in funds restricted to a new Student Success Center, \$0.5 million increase in a gift fund for an Athletic Complex, and a \$1.6 million decrease in capital gift funds internally designated for debt service. At June 30, 2019, the Student Success Center fund totaled \$1.6 million, the Athletic complex funds totaled \$1 million and the capital gifts set aside for debt service totaled \$3.6 million.

Total restricted expendable net position was \$26.4 million at June 30, 2018 compared to \$26.2 million at June 30, 2017, an increase of \$0.2 million. Current restricted funds increased \$1.4 million from \$15.4 million at June 30, 2017 to \$16.8 million at June 30, 2018; whereas restricted plant funds decreased \$1.2 million from \$10.5 million at June 30, 2017 to \$9.3 million at June 30, 2018.

The \$1.4 million increase in the current funds was primarily due to non-capital gift revenues exceeding expenses. These balances increased \$0.8 million. In addition, approximately \$0.3 million of the increase was due to investment income on University endowments exceeding the actual distributions based on spending policy. Undistributed investment earnings totaled \$4.1 million at June 30, 2018 compared to \$3.8 million at June 30, 2017.

The \$1.2 million decrease in plant funds was primarily due to the \$1.2 million spend down of bond proceeds for the new Barnes & Noble bookstore, and the \$1.4 million decrease in capital gift funds internally designated for debt service attributed to those projects. These capital gifts comprised approximately \$4.9 million of the \$9.3 million plant fund balance at June 30, 2018.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Unrestricted net position is not subject to externally imposed restrictions and is designated for future operations, plant construction and maintenance, and debt service. The following table summarizes unrestricted net position at:

	June 30, 2019	June 30, 2018	June 30, 2017
Current funds	\$ 6,238,645	\$ 8,567,394	\$ 17,392,283
Operating reserves	7,786,754	7,754,000	7,738,864
Plant funds	21,584,741	23,054,075	13,770,241
Loan funds	22,406	22,434	22,211
Total without GASBs 68, 71 and 75	35,632,546	39,397,903	38,923,599
GASBs 68 and 71 (Pension fund)	(116,393,778)	(108,197,299)	(143,749,750)
GASB 75 (OPEB fund)	(33,180,224)	(41,544,418)	-
Total Unrestricted Net Position	<u>\$ (113,941,456)</u>	<u>\$ (110,343,814)</u>	<u>\$ (104,826,151)</u>

Total unrestricted net position was (\$113.9) million at June 30, 2019 compared to (\$110.3) million at June 30, 2018. The decrease of \$3.6 million from fiscal year 2018 to fiscal year 2019 reflects an excess of expenses over revenues during fiscal year 2019 from noncapital activity. Funds relating to pension/OPEB remained flat at (\$149.6) million at June 30, 2019 compared to (\$149.7) million at June 30, 2018.

Current funds decreased \$2.4 million from \$8.6 million at June 30, 2018 to \$6.2 million at June 30, 2019; whereas plant funds decreased \$1.5 million from \$23.1 million to \$21.6 million, respectively.

The GASB 68 (Pension) fund decreased \$8.2 million from (\$108.2) million at June 30, 2018 to (\$116.4) million at June 30, 2019; whereas the GASB 75 (OPEB) fund increased \$8.3 million from (\$41.5) million at June 30, 2018 to (\$33.2) million at June 30, 2019.

Total unrestricted net position was (\$110.3) million at June 30, 2018 compared to (\$104.8) million at June 30, 2017. The decrease of \$5.5 million from fiscal year 2017 to fiscal year 2018 reflects an excess of expenses over revenues during fiscal year 2018 from noncapital activity. Funds relating to pension/OPEB decreased \$6 million from (\$143.7) million at June 30, 2017 to (\$149.7) million at June 30, 2018; whereas all other funds increased \$0.5 million.

Current funds decreased \$8.8 million from \$17.4 million at June 30, 2017 to \$8.6 million at June 30, 2018; whereas plant funds increased \$9.3 million from \$13.7 million to \$23 million, respectively. This shift of funds resulted from the sale of investments at a realized gain to fund future capital project needs.

The GASB 68 (Pension) fund increased \$35.5 million from (\$143.7) million at June 30, 2017 to (\$108.2) million at June 30, 2018; whereas the GASB 75 (OPEB) fund decreased \$41.5 million, including a decrease of \$43.5 million attributed to the cumulative effect of the GASB 75 implementation and an increase of \$2 million attributed to fiscal year 2018 activity.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Revenues

Following is a recap of revenues by source (operating, non-operating, and other sources), which were used to fund the University's activities for the years ended:

	June 30, 2019	June 30, 2018	June 30, 2017
Net tuition, fees, and other student charges	\$ 79,930,380	\$ 80,328,208	\$ 80,777,230

Total Revenues	<u>\$ 206,004,224</u>	<u>\$ 206,364,909</u>	<u>\$ 203,507,174</u>

Overall, the University's total revenues remained flat between fiscal year 2018 and fiscal year 2019. The majority of the University's revenue, 60% in fiscal year 2019 and fiscal year 2018, is attributed to State appropriations, and net tuition and fees. Combined, these two revenue streams were \$122.8 million in fiscal year 2019 compared to \$123.6 million in fiscal year 2018.

Net tuition, fees and other student charges decreased \$0.4 million or 0.5% from fiscal year 2018 to fiscal year 2019. This was due to a combination of a \$1.7 million increase in gross tuition and fees offset by a \$2.1 million increase in the scholarship allowance, resulting from the University's continued investment in merit-based aid. Gifts, grants, and contracts increased \$1.4 million or 3% from fiscal year 2018 to fiscal year 2019 primarily due to a \$1.7 million increase in gifts, including gifts for the construction of a student success center, a multimedia center and an athletic facilities complex, a \$0.4 million increase in Pell grants due to a combination of an increase in the number of students receiving Pell grants and a slight decrease in the average aid per student; and a \$0.6 million decrease in grants and contracts activity. Investment income increased \$0.4 million or 8.9% from fiscal year 2018 to fiscal year 2019 primarily due to unrealized gains resulting from a favorable market environment. State capital appropriations decreased \$0.6 million from fiscal year 2018 to fiscal year 2019 due to decreased activity on capital projects.

Overall, the University's total revenues increased \$2.9 million or 1.4% between fiscal year 2017 and fiscal year 2018. The majority of the University's revenue, 60% in fiscal year 2018 and 61% in fiscal year 2017, is attributed to State appropriations, and net tuition and fees. Combined, these two revenue streams remained relatively flat at \$123.6 million in fiscal year 2018 compared to \$123.7 million in fiscal year 2017.

Net tuition, fees and other student charges decreased \$0.4 million or 0.6% from fiscal year 2017 to fiscal year 2018. This was due to a combination of a \$2.3 million increase in gross tuition and fees offset by a \$2.7 million increase in the scholarship allowance, resulting from the University's continued investment in merit-based aid. Increased scholarship spending has been strategic and deliberate insofar as it has helped the University stabilize enrollment levels and increase the proportion of students likely to succeed academically. Gifts, grants, and contracts increased \$3 million or 6.9% from fiscal year 2017 to fiscal year 2018 due to a \$2.2 million increase in gifts,

including gifts for the construction of a multimedia center and athletic facilities; a \$0.5 million increase in Pell grants due to a combination of a slight decrease in the number of students receiving Pell grants and an increase in the average aid per student; and a \$0.3 million increase in grants and contracts activity. Investment income decreased \$1.1 million or 19.6% from fiscal year 2017 to fiscal year 2018 primarily due to unrealized losses in the non-endowed investments. State capital appropriations increased \$1 million from fiscal year 2017 to fiscal year 2018 due to increased activity on academic area renovations and the purchase of and renovation to a building in downtown Youngstown for the Mahoning Valley Innovation and Commercialization Center.

Expenses

Operating expenses can be displayed by either functional classification or natural classification. The functional classification can be found on the Statements of Revenues, Expenses, and Changes in Net Position. The University has no control over the pension/OPEB expenses attributed to the implementations of GASBs 68, 71 and 75; therefore, these expenses are segregated for presentation purposes.

Following is a recap of total operating expenses by natural classification.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Excluding the impact of the pension and OPEB accruals, total operating expenses increased \$0.7 million or 0.4% from \$200.8 million during fiscal year 2018 to \$201.5 million during fiscal year 2019. This net increase was due to increases of \$0.7 million in compensation, \$0.7 million in depreciation and amortization, and \$0.3 million in scholarships offset by a \$1 million decrease in operations.

Salaries and wages increased \$0.3 million or 0.3% from \$89.9 million in fiscal year 2018 to \$90.2 million in fiscal year 2019; whereas fringe benefits increased \$0.4 million or 1.4% from \$28.9 million to \$29.3 million, respectively. Overall fringe benefits as a percentage of salaries and wages was 32.4% in fiscal year 2019 compared to 32.2% in fiscal year 2018. Depreciation and amortization increased \$0.7 million or 5.6% from \$12.7 million in fiscal year 2018 to \$13.4 million in fiscal year 2019. This increase was due to increases in capital asset additions.

A large portion of all aid is classified as scholarship allowance on the Statements of Revenues, Expenses and Changes in Net Position. Therefore, the net \$0.3 million increase in scholarship expense is a partial reflection of a \$0.4 million increase in federal financial aid for Pell grant recipients, a \$0.3 million increase in state support and a \$0.4 increase in external support. Overall, the University disbursed \$51.7 million to students in fiscal year 2019 compared to \$49.3 million in fiscal year 2018, including \$20.2 million and \$19.8 million in federal Pell grants, respectively.

Operations decreased \$1 million or 2% from \$48.7 million in fiscal year 2018 to \$47.7 million in fiscal year 2019. The decrease was largely due to the prior year including \$0.8 million in funding for the City of Youngstown's Wick Avenue Improvements and \$0.5 million in furnishings for the new Kilcawley Center annex, a space updated for student interactions and the Meshel Hall renovations. In addition, there was a \$0.3 million increase in academic information technology refresh, a \$0.3 million increase in faculty led study abroad travel and a \$0.5 million decrease in subaward activity. Overall, utilities remained relatively flat during fiscal year 2019 compared to fiscal year 2018.

Pension and OPEB expense attributed to GASBs 68, 71 and 75 increased \$37.3 million from (\$37.5) million in fiscal year 2018 to (\$0.2) million in fiscal year 2019. These expenses are the result of changes in the deferred outflows/inflows and liabilities related to pensions/OPEB. The \$37.3 million increase is comprised of a \$43.8 million increase related to pensions and (\$6.5) million decrease related to OPEB. OPERS pension/OPEB expense increased \$7.2 million and \$1 million respectively; whereas STRS Ohio pension expense increased \$36.6 million and STRS Ohio OPEB expense decreased \$7.5 million. OPERS pension/OPEB expense totaled \$13.2 million and \$5 million during fiscal year 2019 and fiscal year 2018, respectively; whereas STRS Ohio pension/OPEB expense totaled (\$13.4) million and (\$42.5) million, respectively. The STRS Ohio plan expenses are reflected as a reduction in Instruction on the Statements of Revenues, Expenses, and Changes in Net Position. The University has no control over the factors affecting these changes.

Excluding the impact of the pension and OPEB accruals, total operating expenses increased \$8.9 million or 4.6% from \$192 million during fiscal year 2017 to \$200.8 million in fiscal year 2018. This increase was largely due to a \$3.6 million increase in compensation, a \$3.9 million increase in operations, and a \$0.6 million increase in scholarships.

YOUNGSTOWN STATE UNIVERSITY

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Salaries and wages increased \$2 million or 2.2% from \$87.9 million in fiscal year 2017 to \$89.9 million in fiscal year 2018; whereas fringe benefits increased \$1.6 million or 5.9% from \$27.3 million to \$28.9 million, respectively. The increase in fringe benefits was due to an increase in health care costs. Overall fringe benefits as a percentage of salaries and wages was 32.2% in fiscal year 2018 compared to 31.1% in fiscal year 2017.

Operations increased \$3.9 million or 8.9% from \$44.8 million in fiscal year 2017 to \$48.8 million in fiscal year 2018. The increase was largely due to \$0.8 million funding of a portion of the City of Youngstown's Wick Avenue Improvements and a \$0.8 million increase in furnishings for several areas, including the new Kilcawley Center annex, a space updated for student interactions, and the Meshel Hall renovations. In addition, there was an increase of approximately \$0.5 million in subaward activity on a federal grant related to additive manufacturing, a \$0.5 million partial write-off of project plan expenses previously capitalized as construction in progress for a renovation project that did not move forward and for which the value has diminished, a \$0.4 million increase in food service expense due to increased occupancy and usage of meal plans on campus, and \$0.2 million for IT upgrades in student housing. Overall, utilities remained relatively flat during fiscal year 2018 compared to fiscal year 2017 and bad debt expense continued to decrease reflecting the impact of enrollment of more academically prepared students.

A large portion of all aid is classified as a scholarship allowance on the Statements of Revenues, Expenses and Changes in Net Position. Therefore, the net \$0.6 million increase in scholarship expense is a partial reflection of a \$0.5 million increase in federal financial aid for Pell grant recipients, a \$0.4 million increase in state support and a \$0.3 million decrease in external support. Overall, the University disbursed \$49.3 million to students in fiscal year 2018 compared to \$45.9 million in fiscal year 2017, including \$19.8 million and \$19.3 million in federal Pell grants, respectively.

Pension and OPEB expense attributed to GASBs 68, 71 and 75 decreased \$46.3 million from \$8.8 million during fiscal year 2017 to (\$37.5) million during fiscal year 2018. These expenses are the result of changes in the deferred outflows/inflows and liabilities related to pension/OPEB, including the cumulative effect of the GASB 75 implementation. The \$46.3 million decrease is comprised of a \$44.4 million decrease related to pensions and a \$1.9 million decrease related to OPEB. OPERS pension expense decreased \$4.4 million and OPERS OPEB expense increased \$2 million; whereas STRS Ohio pension/OPEB expense decreased \$40 million and \$3.9 million, respectively. OPERS pension/OPEB expense totaled \$5 million and \$7.4 million during fiscal year 2018 and fiscal year 2017, respectively; whereas STRS Ohio pension/OPEB expense totaled (\$42.5) million and \$1.4 million, respectively. The STRS Ohio plan expenses are reflected as a reduction in Instruction on the Statement of Revenues, Expenses, and Changes in Net Position. The University has no control over the factors affecting these changes.

See Note 13 for additional information on retirement plans and Note 14 for additional information on other post employment benefits (OPEB).

Total operating and non-operating expenses for the University were \$205,171,198, \$167,180,692 and \$204,720,822 in fiscal years 2019, 2018 and 2017, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Economic Factors for the Future

Looking to the future, management believes the University is well-positioned to continue its favorable financial condition and level of excellence in service to students.

Based on the most recent estimate provided by the Ohio Department of Higher Education, State Share of Instruction (SSI) funding for the University is expected to remain stable over the next two-year biennium. This is consistent with the statewide SSI appropriation, which is also expected to remain stable for the next two-year period. The University's state funding levels are also tied to strategic decisions YSU has made to better position itself in the performance based SSI formula, in which degrees awarded and course completions continue to be primary drivers of SSI funding. Datasets used in the formula are based on a three-year rolling average and are weighted to take into account various at-risk student characteristics. The SSI formula continues to factor in discipline and program costs and enrollment levels.

The following graph reflects six years actual data for State Appropriations plus the budgeted amount for fiscal year 2020.

MANAGEMENT’S DISCUSSION AND ANALYSIS (CONT.)

Fall Semester Enrollment Trends 2008 through 2019

Fall 2019 enrollments are 3.6% lower than the prior Fall semester on a full-time equivalency (FTE) basis. Following a five-year decline in FTE enrollments between Fall 2011 and 2015, YSU achieved three years of enrollment stability between Fall 2016 and Fall 2018 before this setback. The strong academic quality of the University’s new incoming student enrollments for Fall 2019 conveys positivity while the regression compels changes to enrollment strategies that adjust to market conditions.

The University experienced increases in new freshman for four consecutive years between Fall 2015 and Fall 2018, a 31% increase in that time, before the Fall 2019 15.65% drop. After two consecutive years of more than 330 new freshmen entering the Honors College as compared to 96 just four years earlier, a 14.55% decline came about with 282 new Honors College freshmen for Fall 2019.

Freshman GPA averages were the highest in University history for the sixth straight year at 3.4. Nearly 68 percent were in the top half of their high school classes; 13 percent were in the top 10 percent; and nearly half had a high school GPA of 3.5 or better. Efforts to widen the University’s appeal beyond its traditional footprint regressed for Fall 2019 along with decreases in out-of-state, multicultural freshman, and the number of Ohio counties represented in the freshman class.

The University’s freshmen to sophomore retention rate dipped slightly to 72.26% from 73.33% last year, although this year was still the fourth highest freshmen retention in YSU history, demonstrating that the University has progressed with this enrollment trend.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

Note 1 – Organization and Summary of Significant Accounting Policies

Organization and Basis of Presentation

Youngstown State University (the University or YSU) is a coeducational, degree granting state-assisted metropolitan university and was established by the General Assembly of the State of Ohio in 1967. The University is a component unit of the State of Ohio. The University provides a wide range of opportunities in higher education primarily to residents in northeastern Ohio and western Pennsylvania. The University offers degrees at the undergraduate, graduate and doctoral levels.

In accordance with Governmental Accounting Standards Board (GASB) Statement No.14, *The Reporting Entity*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, the University's financial statements are included, as a discretely presented component unit, in the State of Ohio's (State) Comprehensive Annual Financial Report. In accordance with GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, Youngstown State University Foundation's (YSUF or Foundation) financial statements are included, as a discretely presented component unit, in the University's financial report by presentation of the individual financial statements of the entity immediately following the University's respective GASB financial statements. See Note 16 for additional information regarding the University's component unit.

The University's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the GASB.

As required by the GASB, resources are classified for accounting and reporting purposes into the following four net position categories:

- Net investment in capital assets – Capital assets, net of accumulated depreciation, reduced by outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted, nonexpendable – Resources subject to externally imposed stipulations that they be maintained permanently by the University. Such resources include the University's permanent endowment funds.
- Restricted, expendable – Resources whose use by the University is subject to externally imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time.
- Unrestricted – Resources that are not subject to externally imposed stipulations. Unrestricted resources may be designated for specific purposes by action of management, Board of Trustees or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted resources are designated for academic and research programs and initiatives, capital projects, and operating reserves.

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

Summary of Significant Accounting Policies

The accompanying financial statements have been prepared on the accrual basis. The University reports as a business type activity, as required by the GASB. Business type activities are those that are financed in whole or in part by fees charged to external parties for goods or services.

Cash Equivalents – The University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents are stated at cost, which approximates fair value and excludes amounts restricted by board designation or whose use is limited.

Investments – Investments are reported at fair value based on quoted market prices. Changes in unrealized gains (losses) on the carrying value of investments are reported as a component of investment income in the Statement of Revenues, Expenses, and Changes in Net Position.

Endowment Policy – The University Endowment Fund consists of 95 named funds. Each named fund is assigned a number of shares in the University Endowment Fund based on the value of the gifts to that named fund. The University's endowment spending policy states that annual distributions each fiscal year are set to 5% of the twelve-quarter average of the market value for the preceding twelve calendar quarters. In calculating the twelve-quarter average, census dates of March 31, June 30, September 30 and December 31 for the previous three years shall be used. Distributions greater than the calculated amount require written justification and Board of Trustees' approval.

Accounts Receivable – Accounts receivable consist of transactions relating to tuition and fees, auxiliary enterprise sales, grants and contracts, and miscellaneous sales and services. Accounts receivable are recorded net of allowance for uncollectible amounts.

Pledges Receivable – The University has a development services agreement with the Foundation. As part of the agreement, new pledges are recorded by the Foundation and payments on University pledges are collected by the Foundation and remitted to the University on a monthly basis. Prior to the agreement, the University received pledges and bequests of financial support from corporations, foundations, and individuals. Revenue is recognized when a gift representing an unconditional promise to pay is received and all eligibility requirements have been met. In the absence of a conditional pledge, revenue is recognized when the gift is received. Pledges are recorded net of an allowance for uncollectible amounts and are discounted to net present value.

Inventories – Inventories are stated at the lower of cost or net realizable value.

Capital Assets – Capital assets are stated at cost or acquisition value at date of gift. Infrastructure assets are included in the financial statements and are depreciated. The University's capitalization threshold for equipment, furniture and vehicles is \$5,000; and for buildings, building improvements and improvements other than buildings is \$100,000. Land is capitalized regardless of cost. Library purchases are excluded from capitalization and expensed as purchased.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

Depreciation (including amortization of capital leased assets) is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expenditure categories. Historical collections, including assets that are held for public exhibition, education, or research in furtherance of public service, which are protected and preserved, are not depreciated.

When capital assets are sold, or otherwise disposed of, the carrying value of such assets and any accumulated depreciation is removed from asset accounts and the net investment in capital assets. The costs of normal maintenance and repairs that do not add to the value of the capital asset or materially extend the capital asset's life are expensed when incurred. Estimated lives are as follows:

<u>Classification</u>	<u>Estimated Life</u>
Buildings	50 years
Improvements to buildings	10 to 50 years
Improvements other than buildings	15 years
Moveable equipment, furniture and vehicles	3 to 20 years

Unearned Revenue – Unearned revenue includes tuition and fee revenues billed or received prior to the end of the current fiscal year end, but related to the period after the current fiscal year. Also included are amounts received from grants and contract sponsors that have not yet been earned and other resources received before the eligibility requirements are met.

Compensated Absences – Accumulated unpaid vacation and sick leave benefits are recorded as required by the GASB. The University uses the termination method to accrue sick leave compensated absences on the Statement of Net Position.

Refundable Advances from Government for Federal Loans – Funds provided by the United States government under the Federal Perkins Loan program are loaned to qualified students and re-loaned after collections. These funds are ultimately refundable to the government and, therefore, are recorded as a liability in the accompanying financial statements. Congress did not renew the program after September 30, 2017 and no disbursements were permitted after June 30, 2018.

Deferred Outflows and Inflows of Resources – Deferred outflows of resources represent the consumption of resources that are applicable to a future reporting period, but do not require further exchange of goods or services. Deferred inflows of resources represent the acquisition of resources that are applicable to a future resource period. Deferred outflows of resources in the University's financial statements relate to the net pension/OPEB asset/liability and refunding of bonds. Deferred inflows of resources in the University's financial statements relate to the net pension/OPEB asset/liability and service concession arrangements.

Service Concession Arrangements – Service concession arrangements consist of an agreement with a food service provider and an agreement with a beverage company for exclusive pouring rights. Funds received are contingent upon utilization of services over a specified time period and are amortized over the term of the contract arrangement. Unamortized amounts are reflected as deferred inflows of resources on the Statement of Net Position.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

Pensions/OPEB – For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense; information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Income Taxes – The Internal Revenue Service has ruled that the University’s income is generally exempt from Federal income taxes under Section 115 of the Internal Revenue Code. The University is subject to tax on unrelated business income.

Measurement Focus and Financial Statement Presentation – Operating revenues and expenses generally result from providing educational and instructional service in connection with the University’s principal ongoing operations. The principal operating revenues include student tuition, fees and other student charges. The University also recognizes as operating revenue grants classified as exchange transactions and auxiliary activities. Operating expenses include educational costs, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition including State appropriations are reported as non-operating revenues and expenses.

Scholarship Allowances and Student Aid – Tuition, fees, and other student charges are reflected net of scholarship allowances in the Statements of Revenues, Expenses, and Changes in Net Position. Certain aid (such as loans and funds awarded to students by third parties) is accounted for as a third party payment (credited to the student’s account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses, or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition.

Release of Restricted Funds – When an expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the University’s policy to apply restricted resources first, then unrestricted resources as needed.

Management’s Estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosures in the notes to financial statements. Actual results could differ from these estimates.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

Adoption of New Accounting Pronouncements – In fiscal year 2019, the provisions of the following GASB Statements became effective:

- GASB Statement No. 83, *Certain Asset Retirement Obligations*, issued November 2016. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. This Statement addresses accounting and financial reporting for certain asset retirement obligations.
- GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, issued April 2018. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.

Newly Issued Accounting Pronouncements – As of the report date, the GASB issued the following statements not yet implemented by the University:

- GASB Statement No. 84, *Fiduciary Activities*, issued January 2017. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.
- GASB Statement No. 87, *Leases*, issued June 2017. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments.
- GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, issued June 2018. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.
- GASB Statement No. 90, *Majority Equity Interests-an amendment of GASB Statements No. 14 and No. 61*, issued August 2018. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

- GASB Statement No. 91, *Conduit Debt Obligations*, issued May 2019. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures.

The University has not yet determined the effect these Statements will have on the University's financial statements and disclosures.

Reclassification – Certain reclassifications have been made to the fiscal year 2018 amounts to conform with the fiscal year 2019 presentation. These reclassifications had no effect on the total net position or change in net position.

Note 2 – State Support

The University receives support from the State in the form of State appropriations and capital appropriations. As required by the GASB, these are reflected as non-operating revenues on the Statement of Revenues, Expenses, and Changes in Net Position.

State appropriations totaled \$42,914,559 in fiscal year 2019 compared to \$43,261,001 in fiscal year 2018. The State Share of Instruction (SSI) is determined annually by the Ohio Department of Higher Education.

Capital appropriations from the State totaled \$6,089,375 in fiscal year 2019 compared to \$6,659,994 in fiscal year 2018 and included funding for equipment and the construction/major renovations of plant facilities.

Funding for the construction of major plant facilities on the University campus is obtained from the issuance of revenue bonds by the Ohio Public Facilities Commission (OPFC), which in turn is used for the construction and subsequent lease of the facilities by the Ohio Department of Higher Education.

University facilities are not pledged as collateral for the revenue bonds. Instead, the bonds are supported by a pledge of monies in the Higher Education Bond Service Fund established in the custody of the Treasurer of State of Ohio. If sufficient monies are not available from this fund, a pledge exists to assess a special student fee uniformly applicable to students in state-assisted institutions of higher education throughout the State.

Outstanding debt issued by OPFC is not included on the University's Statement of Net Position. In addition, the appropriations by the General Assembly to the Ohio Department of Higher Education for payment of debt service are not reflected as appropriation revenue received by the University, and the related debt service payments are not recorded in the University's accounts.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

Note 3 – Cash and Cash Equivalents

For financial statement presentation purposes, cash in banks has been combined with the University's cash equivalents and temporary investments in repurchase agreements and certificates of deposit.

Depository funds held in the name of the University are secured by a pool of securities with a value of at least 105% of the total value of monies on deposit at the depository bank. All collateral, both specific and pooled, is held by the Federal Reserve Bank or by a designated trustee as agent for the public depositories used by the University.

Cash and Cash Equivalents at June 30, 2019 and June 30, 2018 consist of the following:

	2019	2018
Carrying Amount	<u>\$ 17,124,401</u>	<u>\$ 24,301,741</u>
FDIC Insured	\$ 3,276,286	\$ 3,250,000
Uninsured but collateralized by pools of securities pledged by the depository banks	6,851,051	1,718,276
Uninsured but assets held in name of YSU not pledged as collateral elsewhere	<u>8,701,866</u>	<u>9,696,643</u>
Bank Balance	<u>\$ 18,829,203</u>	<u>\$ 14,664,919</u>

The difference in carrying amount and bank balance is caused by items in transit and outstanding checks. At June 30, 2018, a \$10,610,139 transfer from the Star Plus account to the Star Ohio account was in transit and outstanding. Deposits held in safekeeping by a bank, as trustee or escrow agent, included in cash totaled \$17,028 at June 30, 2019 and \$24,870 at June 30, 2018, which approximates market. These deposits, including interest on the investments, are retained in the trust for projects funded by bond proceeds and payment of principal and interest on outstanding indebtedness. The University's Star Plus account deposits are federally insured and totaled \$2,526,286 at June 30, 2019 and \$2,500,000 at June 30, 2018.

Credit risk for deposits is the risk that, in the event of a bank failure, the University's deposits may not be returned to the University. At June 30, 2019 and June 30, 2018, all uncollateralized or uninsured deposits of the University are exposed to credit risk. The University's investment policy and asset allocation guidelines facilitate the management and monitoring of credit risk.

Note 4 – Investments

The University's investment policy authorizes the University to invest non-endowed and endowed University funds in compliance with provisions of the Ohio Revised Code including House Bill 524, Section 3345.05 of the Ohio Revised Code, and all other applicable laws and regulations.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

In accordance with the Policies of the Board of Trustees of the University, investment types are not specifically limited but shall be made with care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims. Furthermore, investments shall be managed for the use and benefit of the University in a diversified portfolio that focuses, over time, on the preservation of capital, minimization of cost and risk, and maintenance of required levels of liquidity in the overall portfolio to meet cash flow requirements. The University utilizes an investment advisor and investment manager for non-endowment funds.

The University's investments measured and reported at fair value are classified according to the following hierarchy:

Level 1 – Investments reflect prices quoted in active markets.

Level 2 – Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active.

Level 3 – Investments reflect prices based upon unobservable sources.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

Assets classified in Level 1 of the fair value hierarchy are valued directly from a primary external pricing vendor. Level 2 inputs are valued using a matrix pricing model.

As of June 30, 2019, the University had the following investments measured at fair value:

	Fair Value Measurement

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The University’s investment policy and asset allocation guidelines facilitate the management and monitoring of its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. As of June 30, 2019, \$5,389,907 or 8% of the University’s portfolio was held in an intermediate bond fund and \$2,655,616 or 4% was held in a short term bond fund. As of June 30, 2018, \$4,632,084 or 7% of the University’s portfolio was held in an intermediate term bond fund and \$1,807,373 or 3% was held in a short-term bond fund. The University’s investment policy and asset allocation guidelines contain provisions to manage credit risk.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the University will not be able to recover the value of investments or collateral securities that are in the possession of an outside party. Investments that are both unregistered and uninsured are exposed to custodial credit risk if investments are held by the counterparty, or are held by the counterparty’s trust department or agent but not in the name of the University. At June 30, 2019 and 2018, the University had no exposure to custodial credit risk. The University does not address custodial credit risk in its investment policy and asset allocation guidelines.

Foreign Currency Risk – Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. At June 30, 2019 and 2018, the University had no material exposure to foreign currency risk. The University does not address foreign currency risk in its investment policy and asset allocation guidelines.

Note 9 – Bonds

In January 2017, the University issued \$25,525,000 in Series 2016 General Receipts bonds. The proceeds from the bond sale were used for a partial advanced refunding of the Series 2009 General Receipts bonds and to construct a bookstore. As a result, \$19,930,000 of the 2009 bonds advanced refunded were considered to be defeased and the liability was removed from the University's long-term obligations. In addition, a deferred outflow of resources was recorded and will be amortized over the remaining life of the new debt. As of June 30, 2019 and 2018, the amount recorded as a deferred outflow was \$1,803,839 and \$1,928,624, respectively.

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

As part of the American Recovery and Reinvestment Act of 2009, states and local governments are permitted to issue two types of taxable obligations, referred to as Build America Bonds (BABs). The BABs include federal subsidies to offset a portion of interest costs as an alternative to issuing traditional tax-exempt obligations.

In March 2010, the University issued \$25,335,000 of General Receipts Bonds (Taxable Build America Bonds), Series 2010 to provide funding to pay costs associated with facilities planning for the University's College of Science, Technology, Engineering and Mathematics (STEM), convert the old college of business building for use as a laboratory, office and classroom space, renovate Kilcawley Center, reconfigure and replace campus parking facilities, construct the WATTS Center, relocate certain existing outdoor athletic facilities and pay the costs of issuance of the Series 2010 Bonds. In September 2011, approximately \$9.9 million was re-allocated from the Kilcawley Center project to Academic building renovation projects.

The University designated the Series 2010 Bonds both as Build America Bonds and as Qualified Bonds and intends to apply for Credit Payments pursuant only to the extent that the Series 2010 Bonds remain Qualified Bonds, which requires the University to comply with certain covenants and to establish certain facts and expectations with respect to the Series 2010 Bonds, the use and investment of proceeds thereof and the use of property financed thereby.

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

The General Receipts Bonds, Series 2009 balance of \$885,000 as of June 30, 2018 was paid during fiscal year 2019.

The indebtedness created through all issues of the General Receipts Bonds is bound by the Amended and Restated Trust Indenture dated as of March 1, 2009. The Series 2010 Bonds, Series 2011 Bonds, and Series 2016 Bonds are also bound by the First Supplemental Trust Indenture dated as of February 2010; and in addition, the Series 2011 Bonds and Series 2016 Bonds are also bound by the Second Supplemental Trust Indenture dated as of July 1, 2011, and the Series 2016 Bonds are also bound by the Third Supplemental Trust Indenture dated December 1, 2010. The University has complied with all covenant requirements.

The debt is secured by a pledge of all University general receipts, excluding state appropriations and receipts previously pledged or otherwise restricted. Payment of bond principal and interest on the Bond Series 2009 was guaranteed under a municipal bond insurance policy.

Maturities of all bonds payable and debt service for fiscal years subsequent to June 30, 2019 follow (also see Note 12):

NOTE: Expected future federal subsidies for the BABs is \$4,207,702

Federal subsidies received by the University were \$469,823 in fiscal year 2019 and \$484,817 in fiscal year 2018. These are reported as non-operating federal grant revenue. Interest expense on indebtedness was \$3,143,249 in fiscal year 2019 and \$3,252,847 in fiscal year 2018. On construction-related debt, net interest cost was not capitalized in fiscal year 2019 as all construction projects financed through debt were completed. Net interest cost of \$8,849 was capitalized in fiscal year 2018.

Note 10 – Notes Payable

During fiscal year 2016, the University entered into a 14 year performance contract with Johnson Controls for campus energy savings measures. The contract amount of \$16 million includes an assured performance providing for an annual measured cost savings of not less than \$2 million per year and was financed through PNC Equipment Finance over 14 years at an interest rate of 3.366% and requires annual installment payments. Title to the assets vests in the University. Security of

The University has complied with all covenant requirements. Interest expense on indebtedness was \$461,219 in fiscal year 2019 and \$555,869 in fiscal year 2018.

Note 11 – Capital Leases

The University leases equipment for its mailroom under a capital lease agreement which bears interest of 9.9%. In addition, the University also leases equipment for its print shop under two capital lease agreements which bear imputed interest of 10.08% and 6.51%. The net book value of capital leased assets included in net capital assets in the Statement of Net Position at June 30, 2019 and June 30, 2018 was \$125,483 and \$124,289, respectively.

Future minimum lease payments for the capital leases are as follows:

Note 13 – Retirement Plans

Net Pension Liability

The net pension liability reported on the Statement of Net Position represents a liability to employees for pensions. Pensions are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the University’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the University's obligation for this liability to annually required payments. The University cannot control benefit terms or the manner in which pensions are financed; however, the University does receive the benefit of employees' services in exchange for compensation including pension.

GASBs 68 and 71 assumes the liability is solely the obligation of the employer, because (1) the employer benefits from employee services; and (2) State statute requires all funding to come from the employer. All contributions to date have come solely from employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each pension plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in payroll liabilities.

Plan Descriptions

University faculty are provided with pensions through STRS Ohio. Substantially all other University employees are provided with pensions through OPERS. Both OPERS and STRS Ohio are statewide cost-sharing multiple employer defined benefit pension plans. Authority to establish and amend benefits for OPERS and STRS Ohio is authorized by Chapters 145 and 3307, respectively, of the Ohio Revised Code. Both OPERS and STRS Ohio issue publicly available financial reports. The OPERS report can be obtained at <https://www.opers.org/financial/reports.shtml>. The STRS Ohio report can be obtained at <https://www.strsoh.org/publications/annual-reports.html>.

OPERS and STRS Ohio each offer three separate retirement plans: a defined benefit plan, a defined contribution plan, and a combined plan.

OPERS and STRS Ohio Defined Benefit Plans pay service retirement benefits using a fixed formula based on age, years of service credit and final average salary (FAS). In addition to service retirement, participants are eligible for disability and survivor benefits.

OPERS Member-Directed Plan and STRS Ohio Defined Contribution Plan are optional alternative retirement plans available to new members. Participants allocate both member and a portion of the employer contributions in an investment account. Portions of the employer contributions are allocated to the defined benefit unfunded liabilities. Benefits are based on the member's account value.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

OPERS and STRS Ohio Combined Plans offer features of both a defined benefit plan and a member-directed or defined contribution plan. In the combined plans, employee contributions are invested in self-directed investments, and the employer contribution is used to fund a reduced defined benefit along with disability and survivor benefits.

Benefits Provided

OPERS and STRS Ohio provide retirement, disability, annual cost-of-living adjustments, and survivor benefits for plan members and beneficiaries. The benefit provisions stated in the following paragraphs are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

OPERS Benefits

Under OPERS, retirement benefits are specific to each pension plan and members must meet the eligibility requirements based on their age and years of service credit within the plan. Retirement eligibility also varies by division and transition group. Members who were eligible to retire under law in effect prior to SB 343 before January 7, 2013 are included in transition Groups A and B. Group C includes those members who are not in either of the other groups and members who were hired on or after January 7, 2013.

State and Local members in transition groups A and B are eligible for retirement benefits at age 55 with 25 or more years of service credit or at age 60 with 5 years of service credit. State and Local members in transition Group C are eligible for retirement at age 57 with 25 years of service credit or at age 62 with 5 years of service credit.

Under the Traditional Plan, for Groups A and B, the annual benefit is based on 2.2% of FAS multiplied by the actual years of service credit for the first 30 years of service credit and 2.5% for years of service credit in excess of 30 years. For Group C the annual benefit applies a factor of 2.2% for the first 35 years and a factor of 2.5% for the years of service credit in excess of 35. Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. FAS represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Under the Combined Plan, the benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service credit. A factor of 1.25% is applied to years of service credit in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service credit and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions.

FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

Member-Directed participants must have attained the age of 55, have money on deposit in the Defined Contribution Plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five year period at a rate of 20% each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts.

The OPERS law enforcement program consists of two separate divisions: Law Enforcement and Public Safety. Both divisions of members are eligible for special retirement options under the Traditional Pension Plan and are not eligible to participate in the Member-Directed or Combined plan. Public Safety members in transition Groups A and B may file an application for full retirement benefits at age 48 or older with 25 or more years of service credit or 52 or older with 15 or more years of service credit. Public Safety members in transition Group C are eligible for benefits at age 52 or older with 25 years of service credit or at age 56 or older with 15 years of service credit. Those members classified as Law Enforcement officers are eligible for full retirement at age 52 or older with 15 or more years of service credit for Group A. Law Enforcement Group B is eligible at age 48 or older with 25 years of service credit or at age 52 or older with 15 years of service credit. Law Enforcement Group C is eligible at age 48 or older with 25 years of service credit or at age 56 with 15 years of service credit. Annual benefits under both divisions are calculated by multiplying 2.5% of FAS by the actual years of service credit for the first 25 years of service credit, and 2.1% of FAS for each year of service credit over 25 years. These options also permit early retirement under qualifying circumstances as early as age 48 with a reduced benefit.

OPERS administers two disability plans for participants in the Traditional Pension and Combined plans. Members in the plan as of July 29, 1992, could elect coverage under either the original plan or the revised plan. All members who entered the System after July 29, 1992, are automatically covered under the revised plan. Under the original plan, a member who becomes disabled before age 60 and has completed 60 contributing months is eligible for a disability benefit. Benefits are funded by the employee and employer contributions and terminate if the member is able to return to work. The revised plan differs in that a member who becomes disabled at any age with 60 contributing months will be eligible for disability benefits until a determined age. The benefit is funded by reserves accumulated from employer contributions. Law Enforcement officers are immediately eligible for disability benefits if disabled by an on-duty illness or injury. Members participating in the Member-Directed Plan are not eligible for disability benefits.

Dependents of deceased members who participated in either the Traditional Pension Plan or the Combined Plan may qualify for survivor benefits if the deceased employee had at least one and a half years of service credit with the plan, and at least one quarter year of credit within the two and one-half years prior to the date of death. Qualified survivors of Law Enforcement and Public Safety personnel are eligible for survivor benefits immediately upon employment.

Once a benefit recipient retiring under the Traditional Pension Plan has received benefits for 12 months, an annual cost-of-living adjustment is provided on the member's base benefit and is not compounded. Members retiring under the Combined Plan receive a cost-of-living adjustment on the defined benefit portion of their benefit. The cost-of-living adjustment varies somewhat, but is generally defined as the Consumer Price Index not to exceed 3%. A death benefit of \$500-\$2,500, determined by the number of years of service credit of the retiree, is paid to the beneficiary of a deceased retiree or disability benefit recipient under the Traditional Pension Plan and the Combined Plan. Death benefits are not available to beneficiaries of Member-Directed Plan participants.

STRS Ohio Benefits

The Defined Benefit Plan offers an annual retirement allowance based on the final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. Members are eligible to retire at age 60 with five years of qualifying service credit, or at age 55 with 26 years of service, or 31 years of service regardless of age. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

The Defined Benefit Plan allows members to place all their member contributions and 9.53% of the 14% employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the Defined Benefit Plan and the Defined Contribution Plan. In the Combined Plan, 12% of the 14% member rate goes to the Defined Contribution Plan and the remaining 2% is applied to the Defined Benefit Plan. Member contributions to the Defined Contribution Plan are allocated among investment choices by the member, and contributions to the Defined Benefit Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular Defined Benefit Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

A Defined Benefit Plan or Combined Plan member with 5 or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013 must have at least 10 years of qualifying service credit to apply for disability benefits. Members in the Defined Contribution Plan who become disabled are entitled only to their account balance. If a member of the Defined Contribution Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member who participates

in the Defined Benefit Plan. Death benefit coverage up to \$2,000 can be purchased by participants in the Defined Benefit, Defined Contribution or Combined Plans.

In April 2017, the Retirement Board made the decision to reduce cost of living adjustments granted on or after July 1, 2017 to 0% to preserve the fiscal integrity of the system. Benefit recipients base benefit and past cost of living increases are not affected by this change.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019 and June 30, 2018, the University reported a liability for its proportional share of the net pension liability of OPERS/STRS Ohio. The net pension liability was measured as of December 31, 2018 and December 31, 2017 for the OPERS plan and June 30, 2018 and June 30, 2017 for the STRS Ohio plan. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of those dates. The University's proportion of the net pension liability was based on its contributions to the pension plan relative to the contributions of all participating reporting units.

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

For the June 30, 2018 financial statements, the total pension liability is based on the results of actuarial valuations and determined using the following actuarial assumptions applied to all periods included in the measurement:

	OPERS as of 12/31/17	STRS Ohio as of 6/30/17
Actuarial cost method	Individual entry age	Entry age normal
Cost of living	Pre 1/7/2013 retirees: 3% simple, Post 1/7/2013 retirees: 3% simple through 2018, then 2.15% simple	0% effective July 1, 2017

Discount rate

The discount rate used to measure the total pension liability for OPERS was 7.20% as of June 30, 2019 and 7.50% as of June 30, 2018. The discount rate used to measure the total pension liability for STRS Ohio was 7.45% as of June 30, 2018 and June 30, 2017, respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rates and that employer contributions will be made at the contractually required rates for all plans. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The OPERS rate of return is arithmetic and determined using a building-block method in which best estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. The STRS Ohio rate of return is based on 10 year annualized geometric nominal returns, which includes the real rate of return and inflation of 2.25% for plan years ended June 30, 2018 and June 30, 2017 and does not include investment expenses.

The allocation of investment assets within the OPERS portfolio is approved by the Board as outlined in the annual investment plan. STRS Ohio utilizes investment consultants to determine the long-term expected rate of return by developing best estimates of expected future real rates of return for each major asset class.

Pension plan fiduciary net position

Detailed information about OPERS and STRS Ohio fiduciary net position is available in the separately issued financial reports. The required schedule of funding progress immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liability for pension benefits.

Payable to the pension plans

The University reported a payable of \$1,599,085 for the year ended June 30, 2019 and \$1,563,974 for the year ended June 30, 2018 for the outstanding amount of contributions to the pension plan.

Note 14 – Other Post-Employment Benefits (OPEB)

The Ohio Revised Code provides the statutory authority for public employers to fund post-retirement health care through their contributions to STRS Ohio and OPERS.

Net OPEB Asset/Liability

The net OPEB asset/liability reported on the Statement of Net Position represents an asset/liability to employees for OPEB. OPEB is a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB asset/liability represents the University's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB asset/liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the University's obligation for this liability to annually required payments. The University cannot control benefit terms or the manner in which OPEB are financed; however, the University does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because the employer benefits from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB asset/liability. Resulting adjustments to the net OPEB asset/liability would be effective

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded benefits is presented as a long-term net OPEB liability on the accrual basis of accounting whereas the proportionate share of each plan's funded benefits is presented as a long-term net OPEB asset. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in payroll liabilities.

State Teachers Retirement System of Ohio (STRS Ohio)

Plan Description

STRS Ohio is a cost-sharing health plan that provides access to health care coverage to eligible retirees who participated in the Defined Benefit or Combined Plans and their eligible dependents. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective Jan. 1, 2020. Pursuant to Chapter 3307 of the Ohio Revised Code, the Retirement Board has discretionary authority over how much, if any, of the associated health care costs will be absorbed by STRS Ohio. All benefit recipients, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. The STRS Ohio report can be obtained at <http://www.strsoh.org/publications/annual.reports.html>.

Funding Policy

Under Ohio Law, funding for post-employment health care may be deducted from employer contributions. Of the 14% employer contribution rate, 0% of the covered payroll was allocated to post-employment health care for the years ended June 30, 2018, 2017 and 2016. The University's contributions allocated to post-employment health care for the years ended June 30, 2018, 2017, and 2016 were \$0.

Ohio Public Employees Retirement System (OPERS)

Plan Description

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the Traditional Pension and the Combined plans. This trust is also used to fund health care for Member-Directed participants in the form of a Retiree Medical Account (RMA). At retirement or refund, Member-Directed plan participants may be reimbursed for qualified medical expenses from their vested RMA balance.

In order to qualify for health care coverage, age-and-service retirees under the Traditional Pension and Combined plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the OPERS Board of Trustees (OPERS Board) in Chapter 145 of the Ohio Revised Code. The OPERS report can be obtained at <https://www.opers.org/financial/reports.shtml>.

Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund health care through their contributions to OPERS. A portion of each employer's contribution to OPERS may be set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2018, State and Local employers contributed at a rate of 14.0% of earnable salary and Public Safety and Law Enforcement employers contributed at a rate of 18.1%. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 0.0% during calendar year 2018, 1.0% during calendar year 2017, and 2.0% during calendar year 2016. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2018 was 4.0%. The University's contributions allocated to post-employment health care for plan years 2018, 2017 and 2016 were \$42,894, \$385,609, and \$696,094, respectively.

Net OPEB Assets/Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the University reported a liability for its proportional share of the net OPEB liability of OPERS and a net OPEB asset of STRS Ohio. The net OPEB asset/liability was measured as of December 31, 2018 for the OPERS plan and June 30, 2018 for the STRS Ohio plan. The total OPEB asset/liability used to calculate the net OPEB asset/liability was determined by an actuarial valuation as of those dates. The University's proportion of the net OPEB asset/liability was based on its contributions to the OPEB plan relative to the contributions of all participating reporting units.

Discount rate

The discount rate used to measure the total OPEB liability was 3.96% for OPERS at June 30, 2019 and 3.85% at June 30, 2018. This single discount rate represents the long-term expected rate of return of 6% on the health care investment portfolio and a 3.71% municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating. The projection of cash flows used to determine the OPERS discount rate assumed that employer contributions will be made at rates equal to the actuarially determined rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2031. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2031, and the municipal bond rate was applied to all health care costs after that date. The OPERS rate of return is determined using a building block method in which best estimate ranges of expected future real rates of returns are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target allocation.

The discount rate used to measure the total OPEB asset/liability was 7.45% for STRS Ohio at June 30, 2019 and 4.13% at June 30, 2018. The projection of cash flows used to determine the discount rate assumes STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return of 7.45% was used to measure the total STRS Ohio OPEB asset/liability as of June 30, 2019. A blended discount rate of 4.13%, which represents the long-term expected rate of return of 7.45% for the funded benefit payments and the Bond Buyer 20-year municipal bond rate of 3.58% for the unfunded benefit payments, was used to measure the total STRS Ohio OPEB liability as of June 30, 2018. The STRS Ohio rate of return is based on 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses.

The allocation of investment assets within the OPERS Health Care portfolio is approved by the Board as outlined in the annual investment plan. STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board.

OPEB plan fiduciary net position

Detailed information about OPERS and STRS Ohio fiduciary net position is available in the separately issued financial reports. The required schedule of funding progress immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liability for OPEB benefits.

Payable to the OPEB Plan

The University reported a payable of \$7,190 and \$65,302 for the outstanding amount of contributions to the OPEB plan required for the years ended June 30, 2019 and June 30, 2018, respectively.

Note 15 – Contingencies and Risk Management

During fiscal year 2018, the University formed a 19-member Risk Council that established a Risk Management Program that provides a forum and process to strategically identify risks that are of utmost importance and develops coordinated and holistic mitigation plans that appropriately addresses those risks. The implementation of Enterprise Risk Management provides the framework to proactively and continuously manage risks in a manner consistent with the University's mission, goals and culture.

The University is a defendant in various lawsuits. It is the opinion of University management that disposition of pending litigation will not have a material adverse effect on the financial statements of the University. The University receives grants and contracts from certain federal, state and local agencies to fund research and other activities. The costs, both direct and indirect, that have been charged to the grants or contracts are subject to examination and approval by the granting agency. It is the opinion of the University's administration that any disallowance or adjustment of such costs would not have a material effect on the financial statements.

The University is self-insured for all medical and drug employee health care benefits and fully insured for dental and vision employee health care benefits. The self-insured plan includes stop loss provisions.

YOUNGSTOWN STATE UNIVERSITY

NOTES TO FINANCIAL STATEMENTS (CONT.) FOR THE YEARS ENDED JUNE 30, 2019 AND 2018

Liabilities for estimates of outstanding claims and claims incurred but not reported under self-insurance programs have been recorded. Changes in the self-insured health care liabilities included in accrued health care benefits payable (also see Note 8) at June 30, 2019, June 30, 2018, and June 30, 2017 were as follows:

	2019	2018	2017
Liability at beginning of fiscal year	\$ 1,203,340	\$ 974,065	\$ 1,004,491
Current year claims including changes in estimates	16,324,274	14,444,546	12,067,377
Claim payments	<u>(16,101,134)</u>	<u>(14,215,271)</u>	<u>(12,097,803)</u>
Liability at end of fiscal year	<u>\$ 1,426,480</u>	<u>\$ 1,203,340</u>	<u>\$ 974,065</u>

Health insurance claims are based upon estimates of the claims liabilities. Estimates are based upon past experience, medical inflation trends, and current claims outstanding, including year end lag analysis. Differences between the estimated claims payable and actual claims paid are reported in the Statements of Revenues, Expenses, and Changes in Net Position.

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The University has joined with other state-assisted universities in Ohio to form an insurance pool for the acquisition of commercial property and casualty insurance. The University pays annual premiums to the pool for its property and casualty insurance coverage based on its percentage of the total insurance value to the pool. Future contributions will be adjusted based upon each university's loss history. The University had no significant reductions in coverage from the prior year. Insurance settlements have not exceeded insurance coverage for each of the past three fiscal years.

The University participates in a State pool of agencies and universities that pays workers' compensation premiums into the State Insurance Fund on a pay-as-you-go basis (the Plan), which pays workers' compensation benefits to beneficiaries who have been injured on the job. Losses from asserted and unasserted claims for the participating state agencies and universities in the Plan are accrued by the Ohio Bureau of Workers' Compensation (the Bureau) based on estimates that incorporate the past experience, as well as other considerations including the nature of each claim or incident and relevant trend factors. Participants in the Plan annually fund the workers' compensation liability based on rates set by the Bureau to collect the cash needed in subsequent fiscal years to pay the workers' compensation claims of participating State agencies and universities.
