Areas of greatest need and constant activity are the *Children's Art Fest and Festival of Nations*. Volunteering for *Information Booths* requires familiarity with the campus, buildings, and layout, as well as a willingness to brief yourself on details of Festival events, such as performance schedules, times, sites, etc. All volunteers will be given a brief orientation, tee-shirt, and name tag prior to their assigned shifts.

If you have special skills that may be utilized at the festival, i.e., knowledge of sound equipment, CPR, craft skills, etc., please list below.

Please indicate date, shift time, and volunteer job preference. Feel free to sign up for more than one shift or refer a friend.
